CROWD IN THE SENATE

Spectators Fill the Galleries to Hear Talk Against Anarchists.

MANY BILLS FILED.

George Burroughs Appointed Postmaster at Fort Worth and Wilbur Crawford at Cameron—Senate Adjourns to Monday.

Washington, Dec. 5.—The announcement that Senator McComas of Maryland would inaugurate a discussion on the suppression of anarchy and anarchists, filled the senate galleries this morning with spectators.

Before routine business was taken up Mr. Hale of Maine secured the adoption of a resolution that when the senate adjourned it be to next Monday. Heavy influence of petitions, bills, etc., continued and much time is being taken in their formal reception.

Mr. Penrose, of Pennsylvania, favorably reported from the committee on education and labor, a bill continuing the industrial commission until Feb. 15 in order that it may close up the work it now has in hand and secured immediate consideration for the measure. The bill was passed.

Mr. McComas was then recognized in support of his bill introduced providing death penalty for assaults upon the president, or for inciting, advising or procuring such assaults.

Postmasters Appointed.

Washington, Dec. 5.—The president has sent the following nominations of postmasters to the senate:

Jack Grayson, at Prescott, Ark.

Robert H. McNeely, at Humboldt, Tenn.

George Burroughs, at Fort Worth, Texas.

Wilber Crawford, at Cameron, Tex.

Also a large number of recess appointments, including all branches of government service which heretofore have been announced.

Revenues for the Philippines.

Washington, Dec. 5.—Senator Lodge has introduced a bill to provide revenues for the Philippines. It provides that the tariff passed by the Philippine commission Sept. 17, 1901, and approved by the secretary of war, shall remain in full force and effect. This covers goods going into the islands.

The second section of the bill provides for levying the same duty and tariff on goods coming into the United States from the Philippine islands that are now collected from foreign countries.

Section three provides that until otherwise ordered statutory laws of the United States shall not be in force in the Philippine islands except as ordered by the Philippine commission.

Section four provides that all duties collected in the Philippine islands shall be paid into the Philippine treasury.

Bill Against Anarchists.

Washington, Dec. 5.—Mr. McComas of Maryland has given notice that he would address the senate at its next session concerning assaults upon the president, the deportation of anarchist, etc.

Mr. Vest, of Missouri, offered a resolution proposing an inquiry by the committee on judiciary as to the powers of congress to deal with anarchy, to suppress the teachings of anarchy and to provide a penal to colony for convicted anarchists.

Chinese Exclusion Act.

Washington, Dec. 5.—Senator Lodge has introduced a bill providing for the removal of the ten years limitation on the Chinese exclusion act, thus leaving the provisions of the Geary act in force. The act which was approved May, 5, 1892, excluded the Chinese indefinitely, but the Scott act of Nov. 3, 1893 limited the exclusion to ten years.

Various Other Measures.

Washington, Dec. 5.—Among the bills introduced in the senate Wednesday was one by Senator Lodge providing for an educational test for the admission of immigrants.

Senator Jones of Arkansas introduced without amendment the anti-trust bill which passed the house during the last session of congress, but failed to pass the senate.

Senator Money, a bill for the revival of the act in force after the Civil war concerning abandoned prpoerty.

Senator Culberson, for the equitable distribution of the water of the Rio Grande river between the United States and Mexico.

Senator Hansbrough reintroduced his irrigation bill of last se[illegible]

Oklahoma St[illegible]

Washington, D[illegible]ments, [illegible]ssary to banks has introd[illegible] more [illegible]e and op- combi[illegible] be deemed admission of Oklah[illegible] the purpose of providing that the capital shall be located at a town to be called McKinley in honor of the late president.

Another Brewery Settles

Austin, Dec. 5.—The Galveston Brewing Co. has submitted to the terms of compromise in anti-trust cases against brewers and paid over $7,500 and forfeited its charter. The Houston Ice and Brewing company is only one that has not settled with the state. Reasonable time will be allowed foreign brewers to close out business in Texas.

LIVE STOCK ASSOCIATION.

Some Interesting and Valuable Papers Read at the Session.

Chicago, Dec. 5.—When President Springer called the convention of National Livestock association to order this morning, he said the programme for the day was one of exceptional interest to cattlemen. The programme called for papers from Dr. J. H. Senner of New York, Prof. Andrew M. Soule of the Tennessee Agricultural college, Hon. F. F. Warren of Wyoming, A. F. Doremus, state engineer of Utah, and Col. G. W. Simpson of Texas. Mr. Soule's paper, telling of the cattle business in the middle south, was the first one heard by the convention.

Senator Warren of Wyoming had read a paper in which he enumerated the needs which he said the cattlemen would present to congress. They were:

1. Defeat of the Grout oleomargarine bill.
2. Legislation to prevent deceit and fraud in marketing manufactured articles.
3. Legislation to provide for the opening of forest reservations where practicable for live stock grazing.
4. Legislation providing for taking an annual live stock census.
5. Amendments to land laws to permit settlers to exchange lands with the general government so that range properties may be solidified, especially within so-called railroad limits, where the aided railroads secured alternate government sections.
6. Amendment to the law to enable the interstate commerce commission to enforce its decisions.
7. Enactment of pure food laws, compelling all food products to be sold as exactly what they are.
8. Legislation permitting the extension of transit limit for transportation of live stock in cars.
9. Legislation to increase the duties on meat products imported from Germany, whenever the German empire passes a law imposing prohibitive duties on American meat products.
10. Legislation providing for leasing grazing lands of the United States to users.
11. Retention of government inspection of live stock and further free distribution of blackleg vaccine until the full period of experimental work has passed.

Five minute speeches were made by delegates from Pennsylvania, New Mexico and Oklahoma, who spoke of the conditions in their respective districts.

Henry Wade, registrar of livestock of Ontario, Canada, read an interesting paper on "Livestock Business of Canada."

A FEARFUL STORM.

It Lasted Thirty-Six Hours Along the Coast of British Columbia.

Portland, Ore., Dec. 5.—The severest storm of the season raged off the Oregon and Washington coast for 36 hours. Weather Forecast Official Beals estimated that the wind velocity off the coast was 90 miles an hour, with gusts reaching 100 miles an hour.

"It was a storm of unusual violence," said Forecast Official Beals. "Early Tuesday morning the barometer began falling and reports received from observation stations within a radius of 300 miles of Portland all indicated that a storm of magnitude was blowing in from the ocean. The storm generally moved from the mouth of the Columbia river to the straits of Juan de Fuca, and Wednesday morning it was central along the coast line of British Columbia."

Hard in Washington.

New Whatcom, Wash., Dec. 5.—The hardest storm in 15 years was the one that raged over lower Puget sound, prostrating telegraph and telephone wires in every direction and doing much damage to property and injuring several people. At Mountain View, John Marr received injuries which will prove fatal. All highways in this county are blocked by fallen trees and railroad trains are being delayed. All shipping has been tied up, and crafts reaching harbor report the roughest weather ever encountered.

A Coal Train Wrecked.

Vancouver, B. C., Dec. 5.—A coal train was badly smashed in a wreck which took place near South Wellington, caused by a tree falling across the [illegible] lives were lost, as far as [illegible] line is at present blocked, [illegible] down and no further de[illegible]tainable. [illegible]n of the past 24 hours is responsible for a harvest of minor accidents. Flag poles and chimneys have been blown down and telegraph wires prostrated. No serious shipping accidents are reported, but all incoming vessels report heavy weather.

American Federation of Labor.

Scranton, Pa., Dec. 5.—The twenty-first annual convention of the American Federation of Labor was called to order here this morning by President Samuel Gompers. Two hundred and seventy-five delegates were in attendance from this country and Europe, representing 1,503,000 working people. The executive council has been in session for several days, transacting routine business, hearing complaints and arranging to receive resolutions. The credentials committee has several complaints to consider, some of considerable importance.

Tennessee Bank Closed.

Knoxville, Tenn., Dec. 5.—The Lenoir City bank, at Lenoir City, Tenn., has closed its doors. It had a capital of $50,000. It is stated depositors will get all due them.

THE A. AND M. PRESIDENCY.

Governor Sayers, Hon. Clarence Ousley and Hon. T. R. Day Suggested for the Place.

Austin, Texas, Dec. 4.—The mention of Governor Sayers' name in connection with the presidency of the A. and M. college caused quite a ripple among his large circle of close friends in this city. He is a great man on detail work and as ex-Governor Ross established a precedent by assuming charge of the college, it looks as if the question is wide open for Governor Sayers.

The governor would make an ideal president for the college, but it is hardly thought that he would resign the executive chair when he has a year yet to serve as governor.

C. N. OUSLEY SUGGESTED.

Dallas, Texas, Dec. 4.–Colonel Frank P. Holland, ex-mayor of Dallas and formerly a member of the board of directors of the A. & M. college, nominates Clarence N. Ousley of Galveston as a suitable man to succeed the lamented L. L. Foster.

Colonel Holland said: "No better man for president of the A. & M. college than Clarence Ousley can be found. He was educated at an agricultural and mechanical college, has been editor of the Texas Farm and Ranch, and is familiar with Texas agriculture, is a man of letters and a man of business. He would make an ideal president and I hope to see him honored by the board of directors as he deserves."

Dallas friends of Mr. Ousley have already begun working in his behalt.

T. R. DAY INDORSED.

Henderson, Texas, Dec. 4.—Hon. T. R. Day, superintendent of the schools at this place, is being strongly indorsed all over this section for the presidency of the Agricultural and Mechanical college. Superintendent Day has had much successful experience in this state a teacher and will prove to be a midable applicant for the posi-

A TEST WILL BE MADE

Missouri Reapportionment Not Satisfactory to Republicans.

APPEAL TO COURTS.

Congressman Bartholdt Claims the Federal Statutes Were Violated When the Missouri Legislature Cut St. Louis in Districts.

Washington, Dec. 5.—Representative Bartholdt of Missouri says that his attorneys in St. Louis are investigating the act of the Missouri legislature apportinoing that state into congressional districts, and he anticipates that ere long plans to test the legality of the act begore the United States courts will be ready for execution. It will be remembered that several months ago Mr. Bartholdt announced his intention of testing the Missouri law on the ground that it was in violation of the federal act of apportionment. Section 3 of the federal act reads as follows:

"That in each state entitled under this act to apportionment the numbers to which such state may be entitled in the fifty-eighth and each subsequent congresses shall be elected by districts composed of contiguous and compact territory and containing as nearly as practicable an equal number of inhabitants."

When the federal act was up for consideration there was objection to this provision on the ground that it was an interference with the prerogative of the states to apportion as their legislatures deemed best. It was claimed that there was no constitutional warrant for such legislation, but inasmuch as preceding enactment had contained a similar provision the majority thought there was nothing serious in the proposition.

The Missouri legislature, in apportioning that state, paid no heed to section 3 of the federal act. St. Louis had elected three Republican congressmen at several elections and the Democratic legislature deemed it wise to arrange congressional districts in the city as to make two of the three districts safely Democratic. This was accomplished by placing more than half of the city's population in Mr. Barthold's district and giving him all the Republican wards and localities regardless of contiguity. The two remaining city districts are believed by the Democrats to be safe for their party nominees.

The arrangement has absolutely put Representative Joy out of business by throwing his Republican wards into the Bartholdt district. Bartholdt has a safe party majority of 30,000 in the new district, but Joy has an Irish district good under ordinary circumstances for 8000 Democratic majority.

Barthold's proposition is that if the federal act is legal the Missouri act is illegal, and, necessarily, if the Missouri act is legal then the federal act is illegal and such law as section 3 is absolutely necessary. Mr. Bartholdt is conducting this litigation at his own expense in order to test a question which has long been unsettled. Of course if congress has the right to review state apportionment acts new questions touching state sovereignty are imminent. What the Democrats have done in Missouri and Texas the Republicans have done in Illinois, New York and Pennsylvania. A very interesting question is involved.

Cherokee Agreement Bill.

Tahlequah, I. T., Dec. 5.—The senate branch of the Cherokee national council is still considering the act submitting an agreement to the United States for a final distribution of the money of the tribe and an individualization of land titles. The senate has struck out section 39, and as the bill stands now it allots the land and divides the moneys of the tribe equally with the civilization thereof. Nothing is said about taking away the rights of intermarried whites.

Punishment for Wife Beating.

Waco, Tex., Dec. 5.—Jacob Webb was convicted of wife-beating in the county court here and sentenced to pay a fine of $1000 and serve a term of two years in the county convict gang on road work. Mrs. Webb testified to being beaten with a piece of wire and a six-shooter. Physicians corroborated Mrs. Webb's testimony. The penalty assessed was the highest the law allows in the county court.

Shot in the Back.

Ardmore, I. T., Dec. 5.—Officers have been informed of a foul assassination which occurred near Leon. William P. Rubatton, aged 50 years, a well-to-do farmer, while riding along the road was shot in the back of the head and killed. The murder was committed a short distance from the home of the dead man, and it is thought robbery prompted the crime.

Only Two Hundred Enrolled.

Tahlequah, I. T., Dec. 5.—The Cherokee enrolling party of the Dawes commission has returned to Muskogee after a stay here. They secured the names of only about 200 full bloods to the rolls, and there is doubt expressed if they ever succeed in getting full bloods to enroll.

Woman Badly Burned.

Granbury, Tex., Dec. 5. Dabney was seriously and tally burned yesterday a Her clothing caught fire f place. Miss Mary, her da her hands badly burned in tinguish the flames.

COMPTON-McMORRIES.

Mr. R. B. Compton and Miss Maud McMorries were married last night at 8 o'clock at the residence of Dr. J. R. Sims, Rev. J. D. West officiating. It was a quiet home wedding with only relatives and a few friends present. This wedding has been anticipated by friends for some time, but the date was not generally known.

Both the young people are popular with a large circle of friends. The bride was raised in Bryan, and is a lovely young girl who combines accomplishments with a womanly christian character. Mr. Compton came to Bryan from Strawn, Texas, about two years ago and has shown himself to be a worthy young man. He is prescription clerk in the employ of Dr. McDougald and a bright young business man. Mr. and Mrs. Mrs. Compton are at home at the residence of Capt. D. D. Dawson. They have the best wishes of the Eagle.

EDGE.

Edge, Texas, Nov. 26.—We are having beautiful weather, just cool enough to be pleasant.

The health of this community is good.

There was preaching at the Brazos church Sunday. Rev. Wilson preached from the text, "Remember the Sabbath day to keep it holy." It was a good sermon, and we should all remember that day, but it is often broken in this part of our country, for we can hear the firing of guns every Sabbath day.

Several people met at the church one day last week and made quite an improvement in the graveyard. They are to meet again soon to fence it in. As one interested I suggest that all who have loved ones buried there meet on December 7 and clean up the yard.

There will be preaching at Concord next Sunday.

The school at Liberty is progressing nicely under the management of Young Lee. Reader.

Edge, Texas, Dec. 2.—Sunday night the first Concord church was crowded to its utmost capacity to witness the marriage of Mr. Tom Elliott and Miss Maude Leathers. Rev. Goodman, of Robertson county, officiated. Miss Leathers was one of the fairest flowers among our "rosebud garden of girls" and greatly beloved by all. She is the daughter of Mr. and Mrs. J. T. Leathers, who have resided in our community now for several years. We heartily congratulate Mr. Elliott in securing such a lovely bride. The groom is one of the first young men of our community and greatly beloved and respected by all. We wish for the happy young couple a long life full of usefulness and prosperity. There were visitors from Bryan. Bethel, Cottonwood, Alexander and Robertson county. Newsboy.

THE A. AND M. PRESIDENCY.

Governor Sayers, Hon. Clarence Ousley and Hon. T. R. Day Suggested for the Place.

Austin, Texas, Dec. 4.—The mention of Governor Sayers' name in connection with the presidency of the A. and M. college caused quite a ripple among his large circle of close friends in th s city. H is a great man on detail work an as ex-Governor Ross est blished a precedent by assuming harge of the college, it looks as if he question is wide open for Governor Sayers.

The governor would make an ideal president for the college, but it is hardly thought that he would resign the executive chair when he has a year yet to serve as governor.

C. N. OUSLEY SUGGESTED.

Dallas, Texas, Dec. 4.—Colonel Frank P. Holland, ex-mayor of Dallas and formerly a member of the board of directors of the A. & M. college, nominates Clarence N. Ousley of Galveston as a suitable man to succeed the lamented L. L. Foster.

Colonel Holland said: "No better man for president of the A. & M. college than Clarence Ousley can be found. He was educated at an agricultural and mechanical college, has been editor of the Texas Farm and Ranch, and is familiar with Texas agriculture, is a man of letters and a man of business. He would make an ideal president and I hope to see him honored by the board of directors as he deserves."

Dallas friends of Mr. Ousley have already begun working in his behalt.

T. R. DAY INDORSED.

Henderson, Texas, Dec. 4.—Hon. T. R. Day, superintendent of the schools at this place, is being strongly indorsed all over this section for the presidency of the Agricultural and Mechanical college. Superintendent Day has had much successful experience in this state a teacher and will prove to be a midable applicant for the posi-

A TEST W L BE MADE

Missouri Reapportionment Not Satisfactory to Republicans.

APPEAL TO COURTS.

Congressman Bartholdt Claims the Federal Statutes Were Violated When the Missouri Legislature Cut St. Louis in Districts.

Washington, Dec. 5.—Representative Bartholdt of Missouri says that his attorneys in St. Louis are investigating the act of the Missouri legislature apportinoing that state into congressional districts, and he anticipates that ere long plans to test the legality of the act begore the United States courts will be ready for execution. It will be remembered that several months ago Mr. Bartholdt announced his intention of testing the Missouri law on the ground that it was in violation of the federal act of apportionment. Section 3 of the federal act reads as follows:

"That in each state entitled under this act to apportionment the numbers to which such state may be entitled in the fifty-eighth and each subsequent congresses shall be elected by districts composed of contiguous and compact territory and containing as nearly as practicable an equal number of inhabitants."

When the federal act was up for consideration there was objection to this provision on the ground that it was an interference with the prerogative of the states to apportion as their legislatures deemed best. It was claimed that there was no constitutional warrant for such legislation, but inasmuch as preceding enactment had contained a similar provision the majority thought there was nothing serious in the proposition.

The Missouri legislature, in apportioning that state, paid no heed to section 3 of the federal act. St. Louis had elected three Republican congressmen at several elections and the Democratic legislature deemed it wise to arrange congressional districts in the city as to make two of the three districts safely Democratic. This was accomplished by placing more than half of the city's population in Mr. Barthold's district and giving him all the Republican wards and localities regardless of contiguity. The two remaining city districts are believed by the Democrats to be safe for their party nominees.

The arrangement has absolutely put Representative Joy out of business by throwing his Republican wards into the Bartholdt district. Bartholdt has a safe party majority of 30,000 in the new district, but Joy has an Irish district good under ordinary circumstances for 8000 Democratic majority.

Barthold's proposition is that if the federal act is legal the Missouri act is illegal, and, necessarily, if the Missouri act is legal then the federal act is illegal and such law as section 3 is absolutely necessary. Mr. Bartholdt is conducting this litigation at his own expense in order to test a question which has long been unsettled. Of course if congress has the right to review state apportionment acts new questions touching state sovereignty are imminent. What the Democrats have done in Missouri and Texas the Republicans have done in Illinois, New York and Pennsylvania. A very interesting question is involved.

Parks & Waldrop.

TRAGEI IT VIRGINIA.

One Man Kil and Two Others Seriously, if Not Fatally Shot.

Fredericksburg, Va., Dec. 5.—A horrible tragedy h been enacted in Westmoreland county, in which one man was killed and two others seriously if not mortally wounded. The dead man is William P. Taylor, Jr., and the wounded are J. Q. Stiff and Willie Heflin.

From information obtained it appears that Taylor was informed of an alleged insult offered by Herbert Marks to a young lady, his (Taylor's) cousin, and endeavored to have the matter amicably settled. Failing to do so, he, in company with Stiff, Heflin and two other men, visited the Marks house. Upon arriving they found the house barricaded, and when they attempted to open a door Marks began shooting from a window. Taylor was shot through the heart and died instantly. Stiff was shot through the neck and Heflin in the stomach. Marks has surrendered.

COST OF LIVING.

The Price Is the Highest Known Since the Civil War.

New York, Dec. 5.—Duns Index number to be issued next Saturday will say:

"If a man purchased his supplies for one year on Dec. 1, they would have cost $101.37, while the same quantities of the same articles would have aggregated only $72.45 on July 1, 1897, the lowest point on record, and $121.75 on Jan. 1, 1860. These price records are compiled by multiplying the quotations of all the necessaries of life by the per capita consumption. Prices are now at the highest point in many years, and in fact surpass all records since present improved methods of manufacture and distribution have been in use and agricultural operations were first begun on the present extensive scale with labor saving machinery."

Masonic Grand Lodge Officers.

Houston, Dec. 5.—The following are the new officers elected here of the grand lodge for the Masonic year.

Grand master, William Clark of Jefferson; deputy grand master, William Fly of Gonzales; grand junior warden, William James of Fort Worth; grand treasurer, B. F. Frymier of Houston; grand secretary, John Watson of Houston; director Widows' and Orphans' Home, George W. Tyler of Belton committee on work for five years, E. B. Reeves. A. W. Campbell having been elected junior warden, he resigned his position on the committee on work and W. W. Peevey of Cuero was elected to fill the unexpired term.

Race Riot in Alabama.

Andulusia, Ala., Dec. 5.—Word has just reached here that Fate Atkinson and J. W. Dorsey were killed by a negro at Opp, and several more were wounded. The officers there have wired here for the sheriff and dogs, and have also wired to River Falls for dogs. A posse is being organized here to go to Opp at once. Later it was learned that there was a general race riot at Opp and that two negroes have been found dead.

Troupe Gets Experimental Station.

Austin, Dec. 5.—A telegram has been received here stating that the subcommittee had decided to locate the new agricultural experiment station at Troupe, Smith county. The location was based on the soil, railroad facilities and central location, it being almost in the corner of Smith, Cherokee and Rusk counties.

Confederate Veteran Dead.

Amarillo, Tex., Dec. 5.—Hon. W. B. Plemmons died here from a stroke of apoplexy. W. B. Plemmons was a native of Macon county, North Carolina. He was raised on a farm, entered the Confederate army before he was 17, served a little over four years, participated in all the campaigns of Lee and Stonewall Jackson's famous corps.

Dies of Her Burns.

Pickton, Tex., Dec. 5.—Maud James, the 4-year-old daughter of R. O. James of this place, died from the effects of burns received from the explosion of a bottle of benzine Sunday morning. Her brother, who was using the benzine in whose hands the explosion occurred, is also very badly burned.

Jenkins Denies Charges.

Guthrie, O. T., Dec. 5.—Ex-Governor Wm. Jenkins, who was removed from office by President Roosevelt, has made public a statement denying the insane asylum charges filed against him and declaring that the people misquoted him in the statement given by the president to the press.

Calve Cancels Engagements.

San Francisco, Dec. 5.—Calve has given up the struggle with acute bronchitis and will sing no more until Dec. 25, when she will appear in New York. Calve will go to San Augustine, Fla., that she may be within reach of a New York throat specialist.

TRAGEDY IT VIRGINIA.

One Man Kill and Two Others Seriously, if Not Fatally Shot.

Fredericksburg, Va., Dec. 5.—A horrible tragedy has been enacted in Westmoreland county, in which one man was killed and two others seriously if not mortally wounded. The dead man is William P. Taylor, Jr., and the wounded are J. Q. Stiff and Willie Heflin.

From information obtained it appears that Taylor was informed of an alleged insult offered by Herbert Marks to a young lady, his (Taylor's) cousin, and endeavored to have the matter amicably settled. Failing to do so, he, in company with Stiff, Heflin and two other men, visited the Marks house. Upon arriving they found the house barricaded, and when they attempted to open a door Marks began shooting from a window. Taylor was shot through the heart and died instantly. Stiff was shot through the neck and Heflin in the stomach. Marks has surrendered.

COST OF LIVING.

The Price Is the Highest Known Since the Civil War.

New York, Dec. 5.—Duns Index number to be issued next Saturday will say:

"If a man purchased his supplies for one year on Dec. 1, they would have cost $101.37, while the same quantities of the same articles would have aggregated only $72.45 on July 1, 1897, the lowest point on record, and $121.75 on Jan. 1, 1860. These price records are compiled by multiplying the quotations of all the necessaries of life by the per capita consumption. Prices are now at the highest point in many years, and in fact surpass all records since present improved methods of manufacture and distribution have been in use and agricultural operations were first begun on the present extensive scale with labor saving machinery."

Masonic Grand Lodge Officers.

Houston, Dec. 5.—The following are the new officers elected here of the grand lodge for the Masonic year.

Grand master, William Clark of Jefferson; deputy grand master, William Fly of Gonzales; grand junior warden, William James of Fort Worth; grand treasurer, B. F. Frymier of Houston; grand secretary, John Watson of Houston; director Widows' and Orphans' Home, George W. Tyler of Belton committee on work for five years, E. B. Reeves. A. W. Campbell having been elected junior warden, he resigned his position on the committee on work and W. W. Peevey of Cuero was elected to fill the unexpired term.

Race Riot in Alabama.

Andulusia, Ala., Dec. 5.—Word has just reached here that Fate Atkinson and J. W. Dorsey were killed by a negro at Opp, and several more were wounded. The officers there have wired here for the sheriff and dogs, and have also wired to River Falls for dogs. A posse is being organized here to go to Opp at once. Later it was learned that there was a general race riot at Opp and that two negroes have been found dead.

Troupe Gets Experimental Station.

Austin, Dec. 5.—A telegram has been received here stating that the subcommittee had decided to locate the new agricultural experiment station at Troupe, Smith county. The location was based on the soil, railroad facilities and central location, it being almost in the corner of Smith, Cherokee and Rusk counties.

Confederate Veteran Dead.

Amarillo, Tex., Dec. 5.—Hon. W. B. Plemmons died here from a stroke of apoplexy. W. B. Plemmons was a native of Macon county, North Carolina. He was raised on a farm, entered the Confederate army before he was 17, served a little over four years, participated in all the campaigns of Lee and Stonewall Jackson's famous corps.

Dies of Her Burns.

Pickton, Tex., Dec. 5.—Maud James, the 4-year-old daughter of R. O. James of this place, died from the effects of burns received from the explosion of a bottle of benzine Sunday morning. Her brother, who was using the benzine in whose hands the explosion occurred, is also very badly burned.

Jenkins Denies Charges.

Guthrie, O. T., Dec. 5.—Ex-Governor Wm. Jenkins, who was removed from office by President Roosevelt, has made public a statement denying the insane asylum charges filed against him and declaring that the people misquoted him in the statement given by the president to the press.

Calve Cancels Engagements.

San Francisco, Dec. 5.—Calve has given up the struggle with acute bronchitis and will sing no more until Dec. 25, when she will appear in New York. Calve will go to San Augustine, Fla., that she may be within reach of a New York throat specialist.

Death of General Hazen.

Washington, Dec. 5.—General A. D. Hazen assistant postmaster amount of stmaster Generals thing so paid ssell, died at his He was 61

Have 14,000 acres farm and ranch lands. See weekly papers.

Yours for Business
MONROE EDGE,
Land Agent and Notary Public.

FAVOR PANAMA ROUTE.

Commissioner Morrison Believes It Better Than Nicaraguan Route.

Washington, Dec. 5.—George S. Morrison, a member of the Ithmian canal commission, submits a minority report favoring the Panama route. He says the estimates for the Nicaragua canal don't make sufficient provisions for unknown conditions and contingencies.

No consideration, he says, has been given to accidental interruption of traffic by Nicaragua, which, he thinks, would not be so likely to occur at Panama. He believes that better conditions and terms can be arranged through the acquisition of the Panama Canal company's rights than by any negotiations with Nicaragua and Costa Rico. The government, after securing these rights, he said, could negotiate direct with Colombia for the right to construct the canal. He closed by saying:

"The Panama route has advantages over the Nicaragua route in cost of construction, in cost of operation and in convenience when done, while its use is less likely to lead to local international complications. If the United States government is to build an Isthmian canal the Panama route is the best."

Woke from His Long Sleep.

St. Joseph, Mo., Dec. 5.—John S. Lytle, one of the pioneer and wealthy residents of Brown county, Kans., awoke Tuesday after concluding the longest sleep on record. He retired September 3 and awoke December 3 after experiencing the soundest slumber of his life. He felt no pain at any time, accordng to a statement made by Mr. Lytle. During this time he was fed by means of a rubber tube, which carried milk and brandy to the stomach. When he revived from the trance he got up, dressed himself and was as spry about the house as any ordinary man of his age. He said he felt like he had taken a good night's rest.

Convicted of Triple Murder.

Dover, Me., Dec. 5.—A verdict of murder in the first degree has been returned against Henry Lambert, a young French Canadian guide and woodsman. Unless some preventive action is taken by his counsel he will probably be sentenced soon. The crime for which Lambert was convicted was a triple murder, the victims being J. Wesley Allan, a prominent farmer and member of the board of selectmen of the town of Shirley; his wife, Mary S., and their daughter, Carrie L., aged 16, on Sunday evening, May 12. The murderer set fire to the farm buildings in an effort to cover up the crime.

Imported a Wife.

New York, Dec. 5.—Edward Schumann, a farmer of Sigourney, Ia., and a widower with four children, recently wrote to his brother, Jacob, a farmer of Saxony, to pick out an industrious woman in Saxony and send her to Sigourney. Edward said he would marry the woman as soon as she got to his home. Jacob selected his servant, Clara Fleischer, 38 years old, and she was willing to become Mrs. Edward Schumann. She arrived here Tuesday from Antwerp by the Red Star steamship Friesland, with a prepaid ticket to Sigourney. She has never seen the Iowa farmer.

A Successful Demonstration.

New York, Dec. 5.—A successful demonstration of the economy and efficiency in the Texas crude oil as fuel has just been given at the plant of an ice company in this city. The test proved of intense interest to members who were present from the American Society of Mechanical Engineers, now holding its annual session in this city. The demonstration was conducted by Prof. James E. Denton of Stevens Institute of Technology.

The Socialists Failed.

The Hague, Dec. .—The attempt of Socialists to induce the foreign office to intervene in the South African war has failed again. The foreign minister informed the interpellators the government could not interfere in regard to concentration camps, except to relieve its own subjects.

CLOSING THE PORTS.

Chaffee Determined to Crush Filipinos in Two Luzon Provinces.

Manila, Dec. 5.—General Chaffee has issued orders for closing all ports in Laguna and Batangas provinces. Quartermasters there will cease paying rents to Filipinos for buildings used for military purposes as it is known a large proportion of the money finds its way to the insurgents in the shape of contributions, and General Chaffee intends no more government funds shall find their way into the hands of the enemy. The reason for closing the ports is too many supplies are found to be getting into the possession of the insurgents.

General Chaffee intends giving Bell, commanding the troops in Batangas province, every assistance he may require to subdue the insurrection.

Governor Taft is improving rapidly and expects to return to the United States on the government transport Grant, which will sail before Christmas.

WOULD NOT INVESTIGATE.

Grand Jury Refuses to Return Indictment Against Lynchers.

New Orleans, Dec. 5.—Judge James M. Thompson, in opening the district court in Washington parish, the scene of the recent burning of a negro at the stake, followed by a riot at Balltown, where several wives were lost, called the attention of the grand jury to these occurrences and urged it to take action to maintain the good name of the community, which had been much injured. The grand jury, however, brought in the following report:

"The men who participated in the burning were among the best citizens of the county, and nothing but a desire to protect those who are nearest and dearest to them would move them to undertake such measures."

FORGAVE THE PRINCE.

Queen Wilhelmina Makes up With the Prince Consort.

Amsterdam, Dec. 5.—Semi-official intimations have been circulated to the effect that Queen Wilhelmina has forgiven her husband, Prince Henry, of The Netherlands, the suggestion being that the public ought to follow suit. Since Prince Henry returned to Hetloo, the queen and he have been dining together and gradually resuming normal relations. Wednesday they walked together and afterwards drove in Castle Pary.

Relations between Prince Henry and members of the court, however, are strained. Former cordiality has been replaced by an attitude of frigid politeness on part of the prince consort and apparently the gentlemen of the court are equally indisposed to gloss over recent occurrences.

SEVEN DAYS IN SADDLE.

A German Proposes to Ride from New York to Chicago in That Time.

New York, Dec. 5.—Theodore Molkinten, once a crack horseman of the German army, will attempt to break the world's record for long distance riding by traveling from New York to Chicago in seven days without changing horses.

Molkinten, who was for three years a member of the First regiment of the German raiding artillery, said:

"The record of the world is now held by a cavalryman in the German army, who rode from Berlin to Vienna in eight days and a half. From New York to Chicago, the distance is greater, but I propose to make the trip on one horse, and do it in seven days.

"According to the route of the mail trains, it is about 900 miles to Chicago. I may be able to take short cuts and reduce that distance to about 875 miles, which means I must travel 125 miles a day. The distance from Berlin to Vienna on a straight line is about 400 miles, but there are several mountain ranges to be crossed and the route by horseback is much longer. It would be difficult to say just how many miles the German cavalryman travelled in making his record, but it is safe to say he did not travel over as much road as from New York to Chicago. I have engaged one of the gamest horses in New York and propose to settle his mettle. I will not leave his back until we turn up in Chicago, except for the necessary time required for resting and feeding."

Blew His Brains Out.

Holland, Mich., Dec. 5.—Nelson Culver, during a fit of temporary insanity, ran away from his home at Hamilton and climbed to the top of a tall tamarack tree. When he saw his friends at the foot of the tree trying to rescue him he pulled a gun and blew his brains out. His body dropped to the lower limbs of the tree, about 50 feet from the ground, and dangled there while his life-blood bed away.

Have several other places in city for sale, cheap. Call and let me tell you about it.

Have 14,000 acres farm and ranch lands. See weekly papers.

Yours for Business
MONROE EDGE,
Land Agent and Notary Public.

FAVOR PANAMA ROUTE.

Commissioner Morrison Believes it Better Than Nicaraguan Route.

Washington, Dec. 5.—George S. Morrison, a member of the Ithmian canal commission, submits a minority report favoring the Panama route. He says the estimates for the Nicaragua canal don't make sufficient provisions for unknown conditions and contingencies.

No consideration, he says, has been given to accidental interruption of traffic by Nicaragua, which, he thinks, would not be so likely to occur at Panama. He believes that better conditions and terms can be arranged through the acquisition of the Panama Canal company's rights than by any negotiations with Nicaragua and Costa Rico. The government, after securing these rights, he said, could negotiate direct with Colombia for the right to construct the canal. He closed by saying:

"The Panama route has advantages over the Nicaragua route in cost of construction, in cost of operation and in convenience when done, while its use is less likely to lead to local international complications. If the United States government is to build an Isthmian canal the Panama route is the best."

Woke from His Long Sleep.

St. Joseph, Mo., Dec. 5.—John S. Lytle, one of the pioneer and wealthy residents of Brown county, Kans., awoke Tuesday after concluding the longest sleep on record. He retired September 3 and awoke December 3 after experiencing the soundest slumber of his life. He felt no pain at any time, accordng to a statement made by Mr. Lytle. During this time he was fed by means of a rubber tube, which carried milk and brandy to the stomach. When he revived from the trance he got up, dressed himself and was as spry about the house as any ordinary man of his age. He said he felt like he had taken a good night's rest.

Convicted of Triple Murder.

Dover, Me., Dec. 5.—A verdict of murder in the first degree has been returned against Henry Lambert, a young French Canadian guide and woodsman. Unless some preventive action is taken by his counsel he will probably be sentenced soon. The crime for which Lambert was convicted was a triple murder, the victims being J. Wesley Allan, a prominent farmer and member of the board of selectmen of the town of Shirley; his wife, Mary S., and their daughter, Carrie L., aged 16, on Sunday evening, May 12. The murderer set fire to the farm buildings in an effort to cover up the crime.

Imported a Wife.

New York, Dec. 5.—Edward Schumann, a farmer of Sigourney, Ia., and a widower with four children, recently wrote to his brother, Jacob, a farmer of Saxony, to pick out an industrious woman in Saxony and send her to Sigourney. Edward said he would marry the woman as soon as she got to his home. Jacob selected his servant, Clara Fleischer, 38 years old, and she was willing to become Mrs. Edward Schumann. She arrived here Tuesday from Antwerp by the Red Star steamship Friesland, with a prepaid ticket to Sigourney. She has never seen the Iowa farmer.

A Successful Demonstration.

New York, Dec. 5.—A successful demonstration of the economy and efficiency in the Texas crude oil as fuel has just been given at the plant of an ice company in this city.
